**TO ALL WHOM IT MAY CONCERN**

**COMMUNICATION ON SUBSTANCES IN  
ARTICLES DUE**

**REGULATION EC/1907/2006 (REACH)**

In Ostrava 30.4.2015

## **Subject: REACH compliance for materials**

As of June 2007, the European Regulation (EC) 1907/2006 concerning the **Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)** entered into force.

This new European regulation is aimed to allow a responsible usage of chemical substances: it will be granted by studies about environmental impact and human health and assessed by the Registration, through a qualified EU organization, of both new and already-existing substances.

With reference to this regulation we, ITT Ostrava, inform you that:

- At the date of publication of this information notice, no substances listed on the REACH Candidate list are used in ITT Ostrava products above the threshold level stated in article 33 of the Regulation. Further on, ITT Ostrava is not an importer to the European Community of any substances or preparations, nor does ITT Ostrava manufacture any products that would fall under the obligations of article 7 of the Regulation.
- Hence, ITT Ostrava is fully compliant with the provisions laid down by the Regulation. The goal of ITT Ostrava is to not use any substances that may be unsafe for users from an environmental or health perspective.
- Starting from 26th November 2008, all the purchasing orders or contracts with our suppliers include the following sentence:  
*“For all Substances subject of the supply , pure or contained in other compound, purchaser assume that supplier is and shall be compliant with all prescription contained in the European Union Regulation, EC/2006/1907 of 18 December 2006 (REACH). Unless otherwise specified, since 1.12.2008 all supply shall be considered compliant with the above mentioned regulations and the supplier shall be considered responsible in any non-conformity case.”*
- ITT Ostrava decided to appoint a person to be the unique representative to manage the REACH regulation requirements, covering all the EU legal entities.

Appointed person:

**Ing. Jan Turčan, EHS Manager,**

**ITT holdings Czech republic s.r.o., ID: CZ 283 67 111,**

Address: Ostrava – Hrabová, Na Rovince 913, 720 00
