

KONI B.V.  
Oud Beijerland

Dear Sir/Madam,

The European Regulation by law (EC) 1907/2006 in relation to **Registration, Evaluation, Authorisation and restriction of Chemicals (REACH)** are applicable to chemical substances as from June 2007.

Within the frameworks of REACH, KONI B.V. manufacture under normal or expected use, are not made to expel any substance.

KONI B.V. is aware of the rules and obligations resulting from REACH and have taken all organizational measures required to implement REACH.

KONI B.V. will assure that all substances, for which registrations is obligatory and are part of our products, will be both preregistered, as well as officially registered.

Consequently, we can herewith guarantee that we can remain supplying our products continue to meet the high quality standards as expected.

KONI B.V. has appointed one contact person for all matters related to REACH:
